Retired members

4. After-service coverage by a health insurance scheme is available only in the form of continuation of previous membership of the Society or of an insurance scheme of an organization of the United Nations family.

4. The spouse and dependent children¹ of a former official who were affiliated to the Society or to a sickness insurance scheme of an organization in the United Nations family on the date of cessation of service of the staff member may be covered by the Society provided that the former staff member remains or becomes a member of the Society. The spouse and eligible dependent children of a staff member who was recruited on or after 1 July 2007 may be covered by the Society on the date of cessation of service of the staff member, provided that the former staff member remains or becomes a member of the Society and that the spouse and dependent children were enrolled in the Society or in a sickness insurance scheme of an organization in the United Nations family for a minimum of five years or two years if the spouse had coverage with an outside employer or a national government. However, in the case of dependents newly acquired within five years of the staff member's separation of employment, the two and five year participation requirements will not apply provided such dependent(s) is/are enrolled within 30 days of the effective date of the dependent relationship. Specially protected persons as defined in rule IV 2 (d) above may be covered only if they have been affiliated to one of the plans mentioned for at least the previous year.

5. A staff member in service cannot be considered as a dependant of a retired staff member for the purposes of the plan. He or she shall automatically be deemed to be a member.

6. When the application meets the requirements of the plan, the date of admission shall be that on which the application is received by the personnel department of the organization concerned in Geneva. In the case of newly-born children for whom application is made within 31 days of birth, admission shall be effective from the date of birth. In the case of new staff members, an application submitted within 31 days shall be effective from the first day of the contract, except where the staff member requests postponement of admission in order to avoid dual coverage. The staff member must provide written evidence to substantiate such request.

7. Application forms for admission to coverage by the Society will be provided by the Personnel Service at Geneva, or are available from the Secretary of the Society. The responsibility for the making of an application within the terms and under the procedures laid down in these Rules rests with the staff member or

other applicant for coverage or continued coverage in the plan. The Secretary will advise the applicant of

acceptance of his application or of the further conditions or provisions to be complied with.

Rule V

CONDITIONS FOR EXTENSION OF INSURANCE

1. A member who enters on special leave without pay or is detached to an organization in the United Nations family which is not affiliated to the Society may maintain his or her membership of the Society and continued coverage by the Society of himself and the members of his family with the status of insured persons by informing the Secretary in writing of his wish so to do. The member thus retains all his or her acquired rights vis-à-vis the payment of benefits or the admission of new members.

2. On transfer to a specialized agency affiliated to the Society, the staff member may arrange for continued membership of the Society and continued coverage for the members of his family with the status of insured persons by making an application to that effect to the personnel department of the receiving organization.

3. On separation from service, or on transfer to an organization in the United Nations family, a member may on application maintain coverage by the plan for himself, and, where applicable, for the members of his family as protected persons, for a period not exceeding three months beyond the month of such separation or transfer, provided that he has been a member for six consecutive months.

4. A staff member recruited before 1 July 2007 who on separation from service has been a member for a minimum of five years or a minimum of 10 years for staff recruited on 1 July 2007 or thereafter may extend his coverage in the plan provided that, before the end of the period of the extension, he will receive a periodic benefit payable under the Regulations of the Joint Staff Pension Fund. A minimum of five years' membership gives entitlement to a 12-month extension. Every additional year of membership completed before separation gives entitle-

ment to an additional two months, subject to a maximum of 60 months (corresponding to 29 years' membership).

5. The spouse, unmarried children under age 21 and specially protected persons may continue their coverage by the plan if:

(a) They are survivors of a staff member who died in service of the Organization and was a member of the Society; or

(b) They are survivors of a former staff member who died while still a member of the Society;

provided that they were affiliated to the Society on the date of the death of the staff member and that they are receiving a periodic benefit under the terms of the Regulations of the Joint Staff Pension Fund, or of appendix D to the Staff Rules, or both.

6. Members wishing to extend insurance coverage for themselves or for members of their families must pay the full premium due to the Society. They must inform the Society in writing, giving three months notice. A survivor of the staff member or retired staff member must normally submit an application to the Society in writing within six months.

7. In the event of divorce, the Committee may examine the application of the divorced ex-spouse and continue his or her affiliation as an ex-spouse not dependent on the member, subject to payment of the premium in advance. Insurance coverage may not be continued for more than one year. However, if the divorced member is a pensioner, the Committee may accept the continuation of coverage on a permanent affiliation basic, at the request of the ex spouse. A divorced spouse who becomes a specially protected person may not have new dependants and may not continue his or her affiliation upon remarrying.

Rule VI

CONDITIONS OF SEPARATION FROM THE SOCIETY

1. The date of separation from the Society, which determines the end of the period of membership, is taken to be the date of separation from service within the meaning of the Staff Rules or the date on which the conditions laid down in rules IV or V cease to be met (for instance, the date of the thirtieth birthday of the child or the day on which a child marries or obtains regular employment).

2. Members not wishing to continue insurance cover for themselves or the members of their families must inform the Society to that effect in writing giving three month's notice. If insurance cover is interrupted it can only be restored if the Executive Committee considers that

the interruption was decided on in good faith and for valid reasons.

3. A member taking special leave without pay, regardless of duration, who decides not to continue insurance paying the total amount of the premium (rule V.1) cannot claim either reimbursement of expenditure incurred during that period or cumulative credits in respect of that period of leave. Except where the staff member requests otherwise, membership of the Society shall resume immediately on his or her return under the conditions applicable at the time of departure. Credits accumulated under annex III before departure shall be brought forward unchanged at the time of return.

Rule VII

PREMIUMS

1. In all cases premiums shall be payable for entire months of the calendar year and are calculated in accordance with the schedule in annex I of these Rules.

2. (a) The contributions of a staff member in service shall be calculated on the basis of net salary.

(b) For purposes of this calculation "net salary" means gross basic salary less staff assessment, plus post adjustment, non-resident's allowance and language allowance where applicable.

(c) In the case of staff members employed part-time, the total amount of the premium to be charged by the Society (i.e. the staff member's contribution plus the subsidy paid by the United Nations) shall be calculated on the basis of the net salary which would be paid to the staff member if he or she was employed full-time; the amount of the subsidy paid by the Organization will be prorated to the time during which the staff member is actually employed.

(d) In cases of continuation of coverage under rule V, the above conditions shall apply to the last net salary of the staff member. For any period exceeding one year the amount shall be indexed annually at a rate fixed by the Executive Committee.

3. In the following cases the full premium (that is, the contribution as calculated in accordance with annex I of these Rules, plus the amount of the subsidy normally paid by the Organization in accordance with article XI of the Statutes) must be paid by the staff member:

(i) For continued coverage during a period of special leave without pay in accordance with rule V.1; where such special leave has been granted following illness or an accident, the premiums shall be calculated on the basis of one third of the net salary of the member on his last day of duty;

(ii) For extended coverage in accordance with rules V.3 and V.4.

4. (a) After separation, a former staff member who wishes to continue membership of the Society as a pensioner shall pay a premium calculated on the basis of all the income paid under the terms of the Regulations of the United Nations Joint Staff Pension Fund, or appendix D of the Staff Rules, or both, taking into account, where appropriate, the lump sum withdrawn on retirement. The minimum contribution is calculated on the basis of a pension corresponding to at least 20 year's service for staff members recruited before the 1st July 2007 and 25 years service for staff members recruited on the 1st July 2007 or thereafter.

(b) A floor premium is set each year by the Society: but the amount payable by participants with small incomes may be reduced by a proportion decided on by the Executive Committee.

(c) For purposes of calculating the premium payable by survivors, the surviving spouse, a child insured alone, or the eldest child if more than one is insured, will be considered as the head of the family and all other children will be considered as members of the family. Contributions will be calculated for the head of the family at the rate applicable to a member and, for the other dependent children, at the rate applicable to dependants.

5. In all cases the calculation of the contribution for a spouse will depend on his or her status as indicated in the following table page 12.

6. The total amount of the insurance premium is paid jointly by the member and the Organization in accordance with annex I of these Rules. A former staff member who has not been affiliated to a sickness insurance scheme of an organization in the United Nations family for at least 10 years and was recruited before 1 July 2007 must pay the total amount of the premium, including the subsidy payable by the Organization, unless he is receiving an invalidity benefit. When the total period of membership of a former staff member, either as a staff member in service or as an after-service member of the sickness insurance scheme, reaches 10 years, the cost of the premium is borne jointly by the person concerned and the Organization. Staff holding a temporary appointment do not accrue credits towards becoming eligible for After-Service Health Insurance.

7. The contributions of members who are staff members in service shall be deducted from their salaries each month by the Organization. The contributions of retired members shall be deducted at source each month by the United Nations Joint Staff Pension Fund and credited directly to the Society's account.

8. Premiums in respect of insured persons not carried on the Geneva payroll must be paid in advance. Premiums of retirees which are not deducted by the United Nations Joint Staff Pension Fund must be paid in advance and are liable to an additional charge to cover administrative costs. Any delay in the payment of these premiums will suspend entitlement to benefits from the Society. Premiums must be paid in Swiss francs or in United States dollars at a rate specified by the Society. If necessary a member may be requested to pay a provisional premium subject to adjustment at a later date.

9. Contributions in respect of specially protected persons are payable at a flat rate. The Executive Committee shall fix the amount of the contribution for each category

covered, so that the sums collected by the Society in respect of specially protected persons will be sufficient to cover the benefits payable to them, taking into account the

experience gained with regard to the cost of protecting those persons. Current premiums are given in annex I of these Rules.

Rule VIII

BENEFITS

1. Benefits under the plan comprise basic benefits and supplementary benefits.

2. The procedures and conditions governing the submission and processing of claims are shown in annex II to these Rules.

3. Schedules showing the benefits payable under the plan and the conditions and limitations applicable thereto are provided in annex III.

4. In general, reimbursement of medical benefits is also subject to the following conditions:

(a) In the event of hospitalization following an accident or of proved urgency, the member must normally notify the Society within three days.

(b) Reimbursement in respect of certain medical benefits specified in annex III is subject to prior authorization by the Medical Adviser of the Society. To obtain that authorization, the member should apply to the Society in writing. Where application has not been made to the Society in advance, the Executive Committee may, on the Medical Adviser's recommendation, authorize payment of the benefits claimed as an exceptional measure, provided it is satisfied that the omission was caused by circumstances beyond the control of the claimant (*force majeure*).

(c) The Executive Committee may, after consultation with the Medical Adviser, limit or refuse reimbursement of bills or accounts deemed excessive or unwarranted. The Society shall establish reasonable thresholds for reimbursement based on the criteria generally applied by insurance companies in the country in which the treatment is provided.

(d) In the event of serious or chronic illness requiring prolonged treatment, the Executive Committee may, after consulting the Medical Adviser of the Society, decide to apply certain provisions of these Rules in a flexible manner.

(e) If a member decides to obtain medical care (for example, hospitalization or a surgical operation) away from the duty station (in the case of a staff member) or the place of residence (in the case of a pensioner) at a place where medical costs are higher than in Geneva, reimbursement shall not exceed the cost of equivalent treatment provided in the canton of Geneva.

5. *Time-limit for submitting claims*

(a) All claims must be made within 12 months after the date on which the bill or account was established. It is the responsibility of the member to see that claims are submitted in due time.

(b) A claimant who cannot submit a claim for refund within a time-limit of 12 months shall notify the Secretary accordingly within that period, stating the reasons.

(c) Where presentation of claims is delayed beyond the prescribed date, the Executive Committee may, in cases of *force majeure* and as an exceptional measure, extend the time-limit.

6. *Basic and supplementary benefits*

(a) Basic benefits are calculated taking into account the date of invoicing of medical acts and the date of processing, in accordance with the reimbursement rules stated in annex II 1. (a) and with the rules set forth in annex III.

(b) In certain cases supplementary benefits are applicable in respect of certain cost items as shown in annex III; they are calculated as follows:

(i) Amount of medical expenditure not reimbursed;

(ii) Less an amount of 2,800 Swiss francs per insured person, with a ceiling of 4,600 Swiss francs per family for each calendar year in which claims are submitted;

(iii) Reimbursement is effected on the basis of 100 per cent of (i)-(ii).

7. *Maximum supplementary benefits*

(a) *Maximum credit*

The total amount of supplementary benefits (maximum credit or ceiling) which a member may receive may not exceed 35,000 Swiss francs.

This maximum shall apply separately to each insured person. Each insured person shall be entitled to the maximum credit as from the date of his admission.

(b) *Renewal of maximum credit*

The payment of supplementary benefits shall terminate as soon as the maximum of 35,000 Swiss francs is reached. A member who has begun to use or has exhausted his credit (or that of an insured person of his family) of 35,000 Swiss francs may at any time request in writing a new credit in order to restore the credit ceiling to the maximum figure of 35,000 Swiss francs.

The Executive Committee shall make its decision after consultation with the Medical Adviser of the Society. The new maximum credit shall take effect from the date of the Executive Committee's decision granting it.

8. *Limitations, forfeiture, suspension of benefits*

(a) Expenses in respect of the consequences of accidents occurring before the date of affiliation are not covered by the Society.

(b) Any expenditure incurred after the expiry of the period of membership is not covered by the Society. However, if a course of treatment is continuing at the time when membership expires, in conformity with rule VI.1 ., the person concerned will continue to be entitled to reimbursement of expenditure relating exclusively to that course of treatment on the Medical Adviser's recommendation for 90 days following the date of expiry, provided his period of membership of the Society has exceeded 24 months.

(c) In the event that a third party may be deemed either fully or partially liable, the member must inform the Society of the facts relating to the case as soon as possible. If the Society considers that a third party may be held legally liable for an illness or injury giving rise to expenses reimbursable under these Rules, the Executive Committee may invite the member in writing to take all necessary steps to secure compensation from the third party concerned. In such a case, the Society will reimburse any reasonable legal costs payable by the member as a result of such action.

(d) Benefits shall be waived altogether or reduced to take account of recoveries available (i) from the United Nations under the Staff Rules or other provisions; (ii) from a third party who is liable in respect of the illness or accident giving rise to the claim; (iii) from another insurance providing coverage of the illness or accident giving rise to the claim.

(e) If benefits are payable by other sources for the illness or accident, the Society shall reimburse only that part which is not reimbursed by the other source, with respect of expenses normally covered; in no event shall the amount reimbursed, added to the reimbursement obtained from another source, exceed 100 per cent of the total expenses incurred.

(f) Benefits may be reduced in cases of injury deliberately inflicted by the insured person on himself.

(g) No benefits will be paid in respect of:

- Medicines delivered without a prescription;
- Pharmaceutical products not deemed to be reimbursable medicines under the criteria laid down by the competent health authorities in the country in which those products are purchased;
 - Para pharmaceutical products such as dietetic foods and products, mineral waters and medicinal wines, toiletries, hair lotions, skin foods, thermometers, syringes and physiotherapeutic appliances;
 - Aesthetic or similar treatments and surgical operations not considered as indispensable by the Medical Adviser and services normally included in the costs of consultations or visits;
 - Paramedical treatment not considered as indispensable by the Medical Adviser (for example, chiropody, dietetic or energy assessments, fitness and similar programmes);

- Treatments or therapies generally not recognized by the competent health authorities of the country in which they are practiced;

- Accidents caused by rash or hazardous undertakings such as mountain-climbing or caving, or accidents resulting from violent or hazardous sports such as parachuting, gliding, flying, paragliding, rock-climbing, scuba-diving, rafting, canyoning, boxing and martial arts, motorized sports and any other sports engaged in as a licence-holder at a level of competition giving rise to payment or fees.

(h) Forfeiture and suspension of benefits

The Executive Committee may decide that a member or an insured person has forfeited all or part of his entitlement to benefits from the Society, or that such entitlement shall be wholly or partially suspended;

- If an insured person fails to comply with the provisions of these Statutes and Internal Rules;

- If it is established that the person concerned has attempted fraudulently to obtain benefits to which he or she was not entitled;

- If a member or one of the persons protected by the Society refuses to undergo a medical examination prescribed by the Committee or by the Medical Adviser;

- If the member is late in paying the premiums due after separation from service.

Rule IX

ADMINISTRATION AND APPEALS

ADMINISTRATION

1. As provided in the Statutes, the Secretary of the Society shall carry out such duties as are required by the Statutes and Internal Rules, and as may be further directed by the Executive Committee and the Director General of the United Nations Office at Geneva. He shall be responsible for the day-to-day management of the Society. All applications, communications, requests for information, complaints or suggestions concerning the functioning of the Society shall be directed to the Secretary, who in his disposition of these items shall take into account any instructions and guidelines he may have received from the Executive Committee.

2. Taking into account any guidelines given by the Executive Committee, the Secretary shall make appropriate arrangements with the Administration regarding such services as may be required for the operation of the plan, including the payment of claims. The costs of implementing these Internal Rules shall be borne by the Society in accordance with article 14 of the Statutes.

6. In the event of a medical dispute, the member or the Executive Committee may request the nomination of a Medical Review Committee consisting of the Medical Adviser, a doctor designated by the member and a third doctor designated by the first two. The third doctor's fees shall be borne equally by the insured person and by the Society. The parties shall be bound by the conclusions of that Medical Review Committee.

7. Complaints made against any decision of an administrative nature taken by the Society's Executive Committee may be addressed to the Director-General of the United Nations at Geneva within 30 days of the date at which the decision was notified in writing. The dispute shall be submitted to an Arbitration Committee composed of two arbitrators, one to be appointed by the member and the other either by the Director-General or, in the case of a specialized agency affiliated to the Society, by the Executive in charge of the affiliated agency.
